What We Offer

Public Barber Salon offers many benefits to its employees that include a creative work environment, constant support from a stylist based management team, steady walk in traffic to build your clientèle, health insurance, discounts on products & services and free education, including opportunities for our stylists to attend educational workshops off-site.

Public Barber Salon, is a San Francisco born and bred company. Our first salon is at the hub of the Tenderloin/ Union Square neighborhood and reflects its home with a bustling, high energy clientele and competent, fun loving staff. Our North Beach location is a beautiful boutique barber salon, packed floor to ceiling with vintage bound books. This location has been featured in several international magazines for its warmth, and creativity in salon decor. With overwhelming support and demand from our clients we plan to continue growing within our beloved SF and beyond. For this reason we are always on the hunt for talented barber stylists that are interested in growing and succeeding with our team.

Criteria

In order to be considered for a stylist position, Public Barber Salon requires at least two years of floor experience for a stylist, and one year of customer service experience for our front desk receptionists. You must have a current California cosmetology license, be friendly, reliable and a team player.

Public Barber Salon is a full service Barber Salon that caters to all walks and creeds. We tend to have a 60-40% men to women ratio. You will never know who's sitting in your chair next so it is very important to be well versed and confident in many vintage, and modern, cutting and styling techniques. At our salons you will have the unique opportunity to be booked with a full clientele right out of the gate. As time goes on you will build relationships and trust and those clients will become smiling, familiar faces. Until then let the excitement begin with creating your full clientele. We, will be looking for confidence, integrity, passion, style, character, healthy attitude and strong customer service behind your interviews.
